

A diagram of a 22-link chain, labeled 1 through 22. The chain is composed of links of various shapes: rectangular, L-shaped, and T-shaped. The links are connected by joints, which are represented by small squares. The joints are numbered 1 through 21, corresponding to the links. Link 10 is highlighted in red. The chain starts at the top left and ends at the bottom right, forming a curved path.
